

Executive Dwellings at Cefn Mably

A prestigious development of executive houses was completed in the grounds of a hospital building (designated as a listed property), which was also converted into thirteen luxury apartments.

The properties stand in a most attractive, mature parkland adjacent to the picturesque village of Cefn Mably, just north of Cardiff. In addition to the detached houses, a courtyard of terraced units was also completed.

The specification of PD Edenhall Cast Stone throughout the properties facilitated a colour harmony with the larger building.

Matthew Taylor, Construction Director of Meadgate Homes, commented: "My confidence in PD Edenhall products has evolved as a result of a relationship spanning some fifteen years. Through those years, and the more immediate ten years of working with Meadgate Homes, we have consistently specified PD Edenhall products.

"The variety of colours, shapes and textures support our desire for design innovation, and the provision of specialist architectural units enabled us to recreate distinct period features".
