

## FEATURES AND BENEFITS

Edenhall Concrete Ltd., which incorporates the well-established Grecon and Boyland Concrete business, is one of the country's leading manufacturers of standard and bespoke precast concrete products. With two specialist production plants backed up by other manufacturing facilities, Edenhall Concrete Ltd. is able to offer a superior network to service local, regional and national clients.

There are a large number of precasters throughout the country, but only a few that can offer the breadth of experience and portfolio of products that Edenhall Concrete Ltd. has available. A summary of our major features and benefits is listed below.

**MANUFACTURING FACTORIES**

Our specialist factories in Hampshire and Dorset can be supplemented on certain standard products by other works in South Wales, Derbyshire and Cumbria.

**EXPERTISE**

As a company, our labour force and management have in excess of thirty years' experience in the design and manufacture of Precast Concrete products.

**FINISHES**

We offer a full choice of finishes including acid etched, exposed, polished and tooled as well as ex mould and fairfaced finishes.

**CENTRAL COMMUNICATION**

One centralised sales, estimating and design office liaising with the manufacturing works enables projects to be processed quickly and effectively.

**QUALITY**

We manufacture decorative or Architectural Precast Concrete which meets the requirements of the relevant standards, thus offering customers a choice of materials to satisfy their specification.

**DESIGN**

With the expertise that exists within our organisation we offer practical and cost-effective design solutions to specifiers and contractors. We can give advice on the appropriate elements which are necessary to ensure a project is completed on time and to the nominated specification.

**APPROVALS**

If the customer's drawings need clarification we send our own working drawings for approval. Very often our moulds are automatically produced from this same data ensuring total compliance with the approved details.

**SALES COVERAGE**

Using our National Field Sales team, which is supported by Regional Sales Offices in conjunction with the Edenhall Concrete Technical Estimating Office, we can respond quickly to a customer's enquiries and assist in the processing of their order.

**HEALTH, SAFETY, ENVIRONMENTAL, QUALITY ASSURANCE POLICY**

PD Edenhall operates a comprehensive set of management policies which are available for inspection. These policies cover every facet of our business and are applicable from the director level down to the shop floor.

**MANAGEMENT AND ASSESSMENT**

Our entire Precast operations are subject to continuous management assessment to ensure that all the above benefits are maintained and improved upon.

**INSTALLATION**

Edenhall Concrete Ltd. offers a supply and installation service for our high quality products. We will survey the site to produce all necessary method statements, risk assessments, lifting plans, and ensure that the customer's construction sequence is maintained.
